

MAT Clinical Care Coordinator

Job Requisition #20-0124

Location: **Riverside**

Application Deadline: **Until Filled**

Hours Per Week: **40**

Status: **Full Time**

Benefit Eligible: **Yes**

All people share a powerful need for the basic necessities of a good life and a place that understands that good health starts with a caring touch and a kind word. For over 45 years, the Community Health Centers of Burlington (CHCB) has provided access to high quality health care regardless of financial status or life circumstance. We strive to improve the health of all within the communities we serve in an environment that conveys respect, offers support, and encourages people to be actively involved in their own health care.

CHCB is an innovative Federally Qualified Health Center with eight sites throughout Chittenden County and southern Grand Isle County. We are an Equal Opportunity Employer.

Essential Duties

The MAT BH Clinical Care Coordinator is responsible for the coordination and care of patients receiving Medication Assisted Therapy (MAT) for opioid addiction. Teaming with a Registered Nurse, the position provides health home services to a panel of over 100 MAT patients in coordination with prescribing buprenorphine providers and Behavioral Health clinicians at CHCB. This position will also coordinate with other treatment providers from whom patients are receiving services. As part of embedded support service, the MAT BH Clinical Care Coordinator will provide for the planning, coordination and transition of care. The Care Manager will also provide case management services for other psychosocial issues. In conjunction with the Associate Director of Behavioral Health and the Registered Nurse, will assist with process improvement as appropriate with prescribing buprenorphine physicians to create and/or enhance effective and efficient services of the Hub and Spoke model.

Basic Qualifications

- A Masters Degree in a Mental Health field
- 3 - 5 years experience in a mental health setting or substance treatment program
- Prior experience in a physician practice highly preferred.

Knowledge, Skills, and Abilities

- Ability to utilize cognitive-behavioral and dialectical interventions.
- Understanding of mind body and biopsychosocial implications of health.
- Strong written/verbal, organizational, and problem solving skills
- Experience with addictions assessment, treatment placement criteria, and treatment modalities.
- Ability to present in a professional manner benefiting the organization.
- Knowledge of the principles, standards, and ethics of the mental health field
- Knowledge of transference and counter transference.
- Willingness to work flexible hours, including evenings.
- Ability to maintain credentials and privileges as a Licensed Alcohol and Drug Counselor (LADC).

To apply for this position, please send a resume and cover letter to: HR@CHCB.org

The Human Resources Department will contact applicants who have been chosen to continue through the applicant selection process.
